

About Us

HighMark School Development is the premier end-to-end facilities solutions provider for new and existing charter schools. HighMark was founded to assist parent boards and other grass-roots organizations to develop, organize and launch world-class charter schools. We specialize in financing and constructing state-of-the-art charter school facilities.

The organization and development of a charter school can be a daunting and overwhelming task, especially without the expertise and experience of someone who has done it before. Our experienced school development team will save your board countless hours and resources in developing a new school facility.

Our facilities services will help you to avoid many of the common pitfalls and mistakes of early-stage charter schools.

Our facilities include:

- Attractive, durable structures and finishes, cabinetry & whiteboards
- Cutting-edge technology infrastructure
- Full landscaping & play areas

WebTools for Charter Schools™ is a full suite of internet tools designed for school websites. If you want a full-featured, professional looking website, but can't afford it, or don't have the time or expertise....we can help!

WebTools for Charter Schools™ is an easy-to-use web development tool that allows you to manage your website without having to be an expert. Now you can manage student registration, add, edit or delete pages, change or add new menus, create a school calendar, add forums and polls and create a professional looking website from any browser. With very little training, even the most novice of computer users can use WebTools for Charter Schools.

1 School Launch Assistance

For charter schools who need our help, we specialize in board governance, marketing, branding, academic vision, registration and enrollment, lotteries, capital budgeting, and much more.

2 Construction Financing

HighMark eases the pressure on school budgets by providing all pre-construction capital required to plan and design your new facility. We then put construction financing in place with a member of our nationwide network of banking partners.

3 Land Acquisition & Development

Our land development specialists will help you find the best property for your school. We also handle the negotiations with the seller, municipalities, engineers and regulating entities to assure your land is environmentally safe and suitable for construction.

4 Design & Build

Our award-winning architects and construction partners work closely with your board to design and build an affordable, state-of-the-art facility that is integrated around your curriculum and educational philosophy.

5 Long Term Financing

We provide long-term financing for your school with affordable lease options. We are also able to structure innovative purchase options for schools who qualify and when market conditions allow.

CLIENTS

Providence Hall

"HighMark has been instrumental in helping us to develop a world-class school." We are currently under construction and have been very happy with them so far." **-Paige Anderson**

Gateway Preparatory Academy

"Always professional and very personable, HighMark Schools took a special interest in our project and is committed to its success. The result has been a partnership that has exceeded our expectations." **-Kari Ann Young**

Lakeview Academy

"HighMark offered our board the option to purchase the building through a municipal bond, which has saved the school millions of dollars." **-Julianne Kicklighter**
